Dušilnik vibracij 300 mm PVC cevjočep I.D. 10G 1/2 Z.N.

Kategorija: [Vibration dampers](#)
Šifra: **142186RIE**

Kratek opis

Vibration damper with 300 mm PVC workshop hose, plug I.D. 10, G 1/2 ET, pressed, max. 15 bar, Temp. -20 °C to 60 °C

When using pulsating tools it is recommended to observe the standard ISO 6150, § 7.1.

It recommends installing a minimum 300 mm long, flexible hose between the pulsating tool and the quick-connect coupling.

The oscillating forces are taken by the hose piece and thus increase the service life of the quick-connect coupling. No warranty can be made for couplings mounted directly on pulsating tools.

Tehnične Specifikacije

Min. temperaturno območje [°C]	-20
Povezava	G 1/2 ET
DN	10
Max. obratovalni tlak [bar]	15
Max. temperaturno območje [°C]	60
