## Ravni pot.i fitting Metallica G 3/8 i., Cev zunanja Ø 12

Kategorija: [Female connector, parallel IT, outer hex](#)  
Šifra: **108881RIE**

### Kratek opis

Straight push-in fitting »metallica«, G 3/8 i., for hose exterior Ø 12 mm, Working pressure -0.98 to 16 bar, nickel-plated brass

All parts with a parallel thread are supplied with an FPM O-ring while the conical threads are coated with preCOTE 5 dispersion

### Tehnične Specifikacije

|                               |                                                         |
|-------------------------------|---------------------------------------------------------|
| Min. delovna temperatura [°C] | -20                                                     |
| Min. delovni tlak [bar]       | -0.98                                                   |
| Material                      | Nickel-plated brass                                     |
| Navoj                         | G 3/8                                                   |
| Priporočena cev               | PA and PU                                               |
| Rokav                         | Nickel-plated brass                                     |
| Serijska                      | metallica                                               |
| Vpenjalni obroč               | Female connector, parallel female thread with outer hex |
| Za cevi O.D. [mm]             | 12                                                      |
| Max. delovni tlak [bar]       | 16                                                      |
| a/f [mm]                      | 20                                                      |
| L1 [mm]                       | 39.5                                                    |
| Max. delovna temperatura [°C] | 150                                                     |
