## **Razdelilnik »multifix-mali« Vel. 0G 1/4z 2 vtičnicama G 1/8**

Kategorija: [Manifold](#)

Šifra: **100402RIE**

### **Kratek opis**

Distributor »multifix-mini«, Size 0, G 1/4, with 2 outlets G 1/8, Input pressure max. 16 bar, Medium / ambient temp. max. 60 °C

Narrow, two-way manifold with two G 1/8 outlets.

### **Tehnične Specifikacije**

|                              |                                                       |
|------------------------------|-------------------------------------------------------|
| Merjenje pretoka             | At $P_1 = 6$ bar and pressure drop $\Delta_p = 1$ bar |
| Navoj                        | G 1/4                                                 |
| Ohišje                       | Die-cast zinc                                         |
| Pretok [l/min]               | P ? A 2700 l/min, P ? B and P ? C 1300                |
| Serijska                     | multifix-mini                                         |
| Tesnilo                      | NBR                                                   |
| Max. vhodni tlak [bar]       | 16                                                    |
| C [mm]                       | 18.0                                                  |
| D [mm]                       | 18.0                                                  |
| A [mm]                       | 23.0                                                  |
| B [mm]                       | 36.0                                                  |
| Max. sobna temperatura [°C]  | 60                                                    |
| Max. temperatura medija [°C] | 60                                                    |
